

Photography Policy

Australian Wiccan Conference XXXX

This is a very sensitive matter as people's right to privacy and discretion must be respected at all times. Photography - whether it is by camera or by phone - is not allowed. The only exception is if you have someone's permission - but then you must be sure that nobody else is in the shot. Even with the permission, pictures must not be posted on any kind of social media until after the event - and only with express permission of everyone in the photo. Please do not tag anyone. Let them tag themselves. Please remember that not everyone is public with their spirituality.

Presenters and Performers are allowed to ask someone to record or film their presentations or performances so long as this does not impact on the enjoyment or privacy of attendees. I.e., images must be of the presenter or performer only.
